Roadmap	05
Conclusion	07

Cryptocurrencies are getting popular day by day. One of the main reasons is it uses a decentralized, transparent, and secure modern technology called Blockchain. As a result, many different crypto tokens are becoming successful.

According to data from *CoinMarketCap*, there are currently more than 7,800 crypto projects. *Yahoo Finance* reports that the total market cap of cryptocurrencies is over 2 Trillion USD. So there are huge opportunities in this field.

Introduction.

Dogemars Token is a newly launched ecosystem based on the Binance Smart chain. It allows users to enjoy the flexibility of transferring digital assets from one blockchain to another.

Dogemars token is driven by the community. There will be a fair launch for the token. The public sales will be announced with a fair price and limited purchasing power to avoid a sudden dump.

Additionally, the community gets rewarded by holding Dogemars Token. Users can also earn NFT by staking Dogemars token.

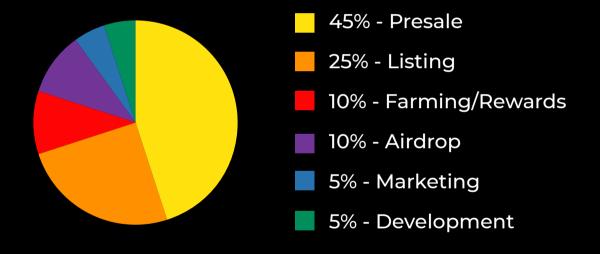

Security.

Dogemars token is a brainchild of the Defi token with a dual chain architecture. It is based on the Binance Smart Chain.

Binance Smart Chain is a high-speed blockchain that can support a large number of transactions without compromising on security. It utilizes a specific PoA (proof of authority) consensus algorithm; Proof of Stacked Authority (PoSA). In this particular protocol, there are only 21 validators confirming transactions, at any given time.

Furthermore, the Dogemars token will lock liquidity by DxSale on PancakeSwap. All tokens unsold will be burnt forever. Team token locked. Partnership and Promotion token locked.

Tokenomics.

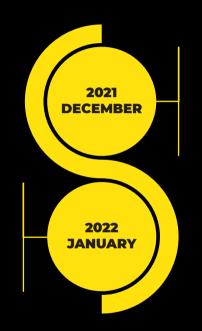

Roadmap.

- Website Launch.
- Socials setup.
- Conduct Airdrop.
- Presale.
- List on PancakeSwap.
- Marketing.

- Coingecko listing.
- Coinmarketcap listing.
- Coincodex listing.
- List on Coinranking.
- Buyback and burn.

- NFT Implementation.
- More marketing.
- Staking Holders Airdrop.
- List on Popular exchange.

Burn and buyback.

Conclusion. _

Dogemars token is designed to provide the best possible benefits to its users. It is a revolutionary digital asset ecosystem. Every transaction contributes toward automatically generating liquidity to help holders maximize their benefits.

In addition to that users get rewards for holding Dogemars token. The token also features an automatic liquidity pool, strong security. And it's community built.

Dogemars also offers NFT implementation and staking to qualified stakeholders.

Dogemars token never compromises on security. The backbone of the token Binance Smart Chain makes it high speedy, cost-effective and super secure.
